OUTLOOK.

Owing to the heat in New Orleans there is increased mortality from yellow fever cases; up to date since the discovery of the first case on July 13th there have been 346 cases and 68 deaths; there were 42 new cases and 6 deaths yesterday; the plague is simply paralyzing business—E. F. [illegible], former president of the failed Merchants and Farmers' bank at Lumberton, N. C., was arrested yesterday on the charge of forgery——President Jordan has issue a statement to the Southern Cotton Growers' Association in which he arraigns the Agricultural Department for radical errors and mal-administration; he calls for reform at the top, a thorough reorganization and a change of personnel; the establishment of a Cotton Bureau is recommended; Secretary Wilson defies President Jordan to carry his complaints to President Roosevelt——M. Witte, Russia's chief peace envoy, is due in New York, this afternoon on the steamship Wilhelm De Grosse—In the cotton leak investigation at Washington yesterday Haas and Peckham again declined to testify about their relations with Edwin S. Holmes who gave out advanced information about cotton statistics——A hot wave is sweeping over Texas with 99 degreer marked at midnight and 105 degrees during the day——The government crop bulletin states that cotton in North Carolina is of too rank growth——Cuba has quarantined against all Gulf States on account of yellow fever at New Orleans——Cases of yellow fever are reported from Shreveport, La., and Montgomery, Ala——The Czar of Russia approves the recommendation to continue the war till Japan is crushed——New York markets: Money on call steady 2 1-4 per cent., closing bid 2, offered at 2 1-4; spot cotton quiet, 10.85; flour dull and easy; wheat irregular, No. 2 red, 88 3-8 elevator; corn firm No. 2, 60 3-4 elevator; oats easy, mixed, 33 to 33 1-2; turpentine quiet; rosin dull.

WEATHER REPORT.

U. S. Department of Agriculture,
Weather Bureau,
Wilmington, N. C., Aug. 1, 1905.

Meteorological data for the 24 hours ending 8 P. M. yesterday.

Temperature at 8 A. M., 70 degrees; 8 P. M., 77 degrees; Maximum, 84 degrees; Minimum, 67 degrees; Mean, 76 degrees.

Rainfall for the day, 00; rainfall, since 1st of month to date, .00.

PORT ALMANAC—Aug. 2.

Sun Rises .....5:07 P. M.
Sun Sets .....7:04 P. M.
Day's Length.....14 hrs. 2 min.
High Water at Southport ..9:00 P. M.
High Water at Wilmington.11:30 P. M.

Weather Forecast.

For North Carolina—Fair Wednesday and Thursday; light to fresh northeast winds.

If a girl is pretty her rival always acknowledges it but is awfully sorry there is something detracting about the girl.

Wanted—Flying machines. Apply to government officials at Washington who feels that there is safety in flight every time the grand jury holds a session.

A Chicago woman left by her will $10,000 to feed tramps. It isn't victuals that hoboes are short on but a proper distribution of bath tubs along the trail.

In New York Baron Komura is said to have praised the chicken hash with which he was served. He may not be able to speak in English but he can surely taste in English.

"Can a man loose all sense of fear?" asks a lecturer. We guess he can, unless an order is sent out to "kill" the dispatch sent from Kansas that a man has run away with his mother-in-law.

"What class of literary men get most for what they write?" asks an exchange. Write? Like the authors of Fads and Fancies, the best paid literary men are those who get their long green for leaving their stories unwritten.

In this column yesterday the mosquito which is indicted for spreading the yellow fever was alluded to as "him." A friend with biological pretentions tells us that the mosquito is "she." Well, we have known that no masculine mosquito could create such a stir in the neighborhood.

Says yesterday's Charlotte Observer: "There is a wild woman running loose in the woods near Biddle University. It is not the man from Borneo, but the girl from Pennsylvania, this time. The lass, who is said to be buxom, debonaire and good to look upon, is as fleet as a deer and as cunning as a dear. She has nut-brown arms and ruby cheeks and strange ways." We believe it—that is that she has strange ways, if she can keep from being run down by a Charlotte newspaper man.

LOCAL DOTS.

—Other local on fourth page.

—There was a break of about 35 points in cotton futures yesterday. New York spot declined to 10.85.

—Services at First Church of Christ, Scientist, this evening at 8:15 o'clock, Odd Fellows' building, second floor. All are invited.

—An excursion to the poor of the city, under the auspices of the Salvation Army post, will be run on the steamer Wilmington to Carolina Beach to-day.

—The following building permit has been applied for: D. Hanna, two-story, frame residence, metal roof, on South Front street, between Castle and Queen streets, for R. A. Burnett.

—Yesterday morning Mr. Matt Potter, a carpenter in the A. C. L. shops, who lives at Front and Walnut street, suffered a severe injury by having a drill run through his foot. He was sent home.

—City street car No. 26, in charge of Motorman Hopkins, ran into a cart at Fifth and Castle early yesterday afternoon. The horse backed the cart on the track in front of the approaching car.

—A meeting of the Board of Directors of the Merchants' Association has been called for this morning at 11 o'clock by President W. B. Cooper. An industrial edition advertising the city will be considered.

—Announcement is made of the forthcoming marriage of Miss Joe Ella Davis, daughter of Mr. and Mrs. Jos. W. Davis, of Lumberton, and Mr. Benj. C. Jones, a son of Mr. and Mrs. M. A. Jones, of this city.

—Conductor E. R. McGowan, of the Consolidated Company has been made superintendent of the city and suburban cars inside the city limits. He is assisting General Superintendent John J. Sheehan, who has jurisdiction over the entire line.

—The excursion train from Columbia is expected back at 5 o'clock this morning. The train consisted of 12 coaches, every one of them filled to its capacity when it reached Columbia at 6 P. M. Monday. A delay of six hours was caused on account of a wreck near Marion, S. C., on the way down.

—Washington correspondence Charlotte Observer: "Hon. John D. Bellamy, of Wilmington, is here. He had been in the mountains of Pennsylvania with his family. Mr. Bellamy leaves tomorrow for Lillington, where he is one of the speakers at the semi-centennial celebration in that town."

—Clarendon Lodge No. 2, K. of P., held an interesting meeting last night. There was work in the second rank by a fine degree team and a spread of refreshments following. State Deputy Grand Chancellor J. D. Nuit, who was recently reappointed, was present and made one of his characteristic, bright addresses.

—The A. C. L. and S. A. L. railroads have decided upon Wednesday, Aug. 16th, as the date for their annual seashore excursions over all their lines to Wrightsville Beach and Virginia resorts. Tickets are good to return until Aug. 31st, and the rates are very low. Extra coaches will be attached to regular trains to accommodate the large crowds expected.

—The British steamer Chatburn cleared yesterday for Liverpool with cargo of 6,000 bales of cotton, consigned by Messrs. Alexander Sprunt & Son. Schooner Jno. R. Fell arrived from New York with cargo of salt for Southgate & Co., and the schooner John I Snow arrived light from New York for cargo here. Schooner Oliver S. Barrett, which put in at Southport for water and provisions, 28 days out from New York to Port Royal, S. C., has sailed.

Bornemann to Write a Book.

Justice Bornemann has it in mind to write a book. This he confided to a reported who found him contented and happy and reminiscent in his Princess street office yesterday. It will be biographical of himself and will deal with his life and his achievements since coming to America, a poor boy years ago, and ascending to the heights to which he has arisen. Since his public career began he has carefully pasted each day in a scrap book everything that has been said about him in the public prints and it is needless to say there are several volumes of this scrap book. Some of these will be included in the book he expects to have printed and the volume will be as a gift to his friends and to be handed down to posterity. The old proverb "Oh, that mine enemy would write a book," has no terrors for the "judge."

To Wed in Currie, N. C.

Cards are out announcing the marriage of Miss Mary M. Lucas, daughter of Dr. Geo. F. Lucas, of Currie, N. C., to Mr. Guy R. Davis, of Wilmington, on Wednesday August 9th at 42 noon, at the residence of Dr. Lucas. The bride is a very charming young woman of Currie, and the groom is a popular young employe in the civil engineering department of the Atlantic Coast Line with headquarters in this city.

MUNICIPAL AFFAIRS

City Board of Audit and Finance In Regular Semi-Monthly Session

THE STREETS AND WHARVES

Committee Also Met Yesterday and Decided to Re-open Quarry as Soon as Repairs Can Be Made—Purchases on Order.

The regular semi-monthly meeting of the Board of Audit and Finance of the city was held yesterday afternoon, but the business transacted was largely routine and not important. Those present were Acting Chairman C. W. Yates and Messrs. S. P. McNair, Jesse Wilder and J. A. Orrell.

Bond of the Springer Coal Company in the sum of $500 with Messrs. J. A. Springer and D. H. Penton as sureties, for faithful performance of the contract to furnish the city with coal, was approved.

The appropriation for the excursionists' park on the City Hall yard was increased from $250 to $385; that amount having been necessary to fix up the grounds according to the committee's idea. Some one jocularly made a motion that the Chief of Police arrest all excursionists arriving in the city and take them to the "park," as the opinion was expressed that none of them would get to it unless piloted there by some one.

The number of arc lights in the contract was made to read 95 instead of 93 according to the bid of the Consolidated Company.

An order was made that in the future all bills against the city must be accompanied by a written order from the party making the purchase or ordering the service, the order to be attached to the bill presented to the Board of Audit and Finance for payment. Blank form of orders will be furnished at the office of the Board of Audit and Finance at the City Hall. The order, however, will not apply to contracts where a stated sum is paid monthly.

Chairman P. Q. Moore, of the Public Building Committee, appearel before the Board and was granted permission to make minor repairs to the Academy of Music out of the regular appropriation.

The matter of an appropriation for five extra policeman was again deferred until a full meeting of the Board. Chairman McQueen is north spending a few days, upon his return from Erope.

A communication was read from President Jas. D. McNeill, of the State Firemen's Association, stating that at the last annual meeting of the Association at Winston, it was earnestly requested that cities from which delegates were appointed to the eighth annual convention of the National Firemen's Association to be held at Kansas City, August 29th, 30th and 31st, appropriate a sum of not less than $50 to defray the actual traveling expenses of such a delegate. Chief Chas. Schnibben has been appointed from Wilmington and President McNeill urged that the Board make the appropriation as much could be learned by attendance upon the national gathering. The matter was referred to the Board of Aldermen.

A large number of bills were audited and approved after which the Board adjourned subject to call of the chairman.

Streets and Wharves Committee.

The Streets and Wharves Committee of the Board of Aldermen was also in session yesterday afternoon. Those present were Mayor Waddell, Aldermen W. H. Yopp and J. A. Karr. Bids were opened for furnishing the city with material for macadamizing the streets, there having been only two. Mr. C. H. Dock bid $1.30 per ton, delivered on the streets, for any amount between 10,000 and 20,000 tons of the material from the city quarry and the Cape Fear Paving and Construction Co., through Capt. E. G. Parmele, bid $1.36 per ton for furnishing a very fine quality of blue limestone from a quarry north, the same having been used with satisfactory results on upper Market street several years ago. It was decided to accept the bid of Mr. Dock, and the city quarry will be reopened at the earliest possible moment. Elsewhere in to-day's Star the Mayor advertises for bids for the repair of the machinery at the quarry, same to be handed in by Monday noon, so as the contract may by awarded by the Board of Aldermen at its regular meeting the same night. Alderman J. A. Karr was authorized to arrange for a meeting with prospective bidders at the quarry where the machinery will be gone over and the repairs needed itemized.

A BUILDING CONTROVERSY.

Contention Over Line of Alley Stops Work on Brick Store.

Contractors engaged in building a two-story brick store for Mrs. A. C. Wessell, on Second, between Market and Dock streets, have been stopped from work by Chief of Police Williams, pending the determination of the lines of a public alley running through the block upon which Mr. E. P. Bailey, of the Wilmington Iron Works, claims that the building is encroaching. Both sides have employed attorneys and a hearing is set for this morning before Mayor Waddell, who has instructed the city engineer to run out the lines and report the result of the survey at the hearing. Mrs. Wessell's interests will be looked after by Geo. L. Peschau, Esq., and Hon. Jno. D. Bellamy and Mr. Bailey by Messrs. Empie & Empie. The city's interest will be looked after by Mayor Waddell and City Attorney Marsden Bellamy, Jr. The building has already gone forward to some extent and a suit in the courts may be required to settle the controversy as both sides are obstinate in their contentions. Some interesting complications may also arise for the city.

THE SHOCKLEY AFFAIR.

Young Marble Cutters Indicted for Assault Not Guilty—Trial.

Pet O'Neill, Charles Sellars, Oscar Bagwell and Joe Yates, marble cutters who were companions of Frank Talbert when he was struck to his death in front of Shockley's saloon Saturday night, were arraigned in Justice Furlong's court yesterday afternoon, each charged with an assault with a deadly weapon upon S. A. Robbins, clerk in the saloon, who was engaged in a fight with Talbert when the latter is alleged to have been dealt his death blow by Shockley. Woodus Kellum, Esq., appeared for the defendants and openly charged that the indictments were brought by Robbins for the purpose of the weakening effect a conviction would have upon the prosecution of the case of Robbins' employer for the killing of Talbert. Mr. Robbins, however, was quite positive in his evidence that the men were armed with knives, etc., and were assisting Talbert in his fight. The preponderance of the testimony was that no dealy weapon was used as a matter of fact, and all the defendants were discharged by Justice Furlong, except O'Neill, in whose case he reserved his decision until 10 o'clock this morning.

Shockley is still in jail, and his attorneys are investigating the question of his ability to give bond should it be decided to get a habeas corpus writ in his behalf. Of course, a writ of habeas corpus would be of no use unless the prisoner is prepared to give the heavy bond that would no doubt be exacted.

TUG BOAT IN DISTRESS.

Compton Towed in Steamer Grayling from Frying Pan Last Night.

The steamer Compton, Capt. W. A. Sanders, of the Wilmington, Southport and Little River Transportation Company, arrived last night at 9:30 o'clock on her regular trip from Little River, towing a barge laden with lumber from Little River, and also the steam tug Grayling. The latter was picked up yesterday afternoon off Frying Pan lightship in distress. Her machinery is out of order and she is leaking some. She was recently purchased in Detroit, Mich., by the Waccamaw Land and Lumber Co., of this city, and was being brought down the coast to Wilmington from Norfolk when she was disabled yesterday and began flying a distress signal. She was soon boarded by the Cape Fear life saving crew and was picked up a little later by the Compton and brought on to her destination where she will go on the marine railway for repairs. Information reached the city at noon that a steamer was ashore on Frying Pan shoals and on the presumption that it was one of the big tramp steamers, the tugs Blanche and Marion were hastened to the rescue, but the Compton had already reached her before the other boats arrived.

The Grayling is about the size of the Lillian of the Angola Lumber Co., and was built near Detroit in 1889. She is 15 tons gross tonnage, 44 feet in length, 12 feet wide and draws 4 1-2 feet of water.

PICTURES AT LUMINA.

New Lines of Films for Machine—Bowling Prizes.

The moving picture show at Lumina has received three new films this week entitled "The Chicken Thief," "The Clown's Revenge" and A Frightful Night," which are declared the funniest moving pictures ever presented to the public. The first shows the thief stealing the chickens; then eating them, and on his second visit to the chicken coop, he is caught with a steel trap and is captured after a long chase which is extremely amusing.

The Consolidated Company has decided to offer a prize of $15 to the one making a score of 300 and $10 to the one making 275 in the bowling alley contests; this offer to last until the end of the season.

Justice Bornemann's Court.

Justice Bornemann docketed a dozen or more cases yesterday. Estella Gause, charged with the larceny of a handkerchief and a satchel from Florence Gause, on a street car Monday night, was sent to jail for the Superior Court. Louisa Robinson, colored, indicted by Rebecca King, colored, for alienating the affection of her husband, was fined $5 and went to jail in default. Lucy Coleman indicted by Annie Johnson, for disorderly conduct in Love's alley, was sent to the workhouse for 30 days. Other cases were trivial.

Col. Thruston Summoned.

While he was here yesterday on his way to the Kenansville reunion, Col. S. D. Thruston, of Texas, was served with a summons citing him to appear in Brunswick County Superior Court and answer as defendant in a suit brought against him as executor of the estate of Jacob A. S. Price, deceased, in behalf of Catherine Price, Fannie Davis, John E. Price and Mamie Dosher. The plaintiffs are represented by ex-Judge E. K. Bryan. The case has to do with the settlement of an old estate and has no interest in it for the public.

Travel in Fever Belt.

The Passenger Department of the Atlantic Coast Line, on account of the prevalence of yellow fever in the New Orleans district, has issued a circular stating that pasengers travelling into the territory affected will be sold tickets subject to quarantine restrictions only and all passengers are advised to provide themselves with health certificates, showing their whereabouts ten days previous; such certificates to be issued by the State or local health officer, mayor or justice of the peace.

Motorman Rogers' Condition.

The condition of Motorman Rogers, who was injured in Sunday night's collision on the suburban car line, was reported from the hospital last night about the same. The fact that he is no worse is regarded in his favor. It is stated now that, unless something new develops, he is practically out of danger.

COMING NEXT WEEK

Odd Fellows of High Degree Will Meet at Seashore Hotel on the Beach

THE GRAND ENCAMPMENT

Annual Meeting of the State Organization—Committee and Sub-Committees in Charge of Entertainment of Visitors.

The Grand Encampment of the Independent Order of Odd-Fellows of North Carolina will convene at the Seashore Hotel, on Wrightsville Beach, next Wednesday, August 9th, at 8 P. M. Representatives from Encampments throughout the State will be present. Campbell Encampment No. 1, of this city, has appointed the following committee to prepare for the entertainment of their guests: Messrs. Marcus W. Jacobi, W. L. Smith and B. J. Jacobs.

The central committee has appointed the following committees to assist in the entertainment:

Reception Committee—R. J. Jones, John E. Wood, Joseph N. Jacobi, W. W. Topp, L. L. Boon, H. O. Craig and E. F. Johnson.

Entertainment Committee—Marcus W. Jacobi, J. T. King, C. C. Chadbourn, P. H. Murphy and C. W. Stewart.

Hall Committee—W. L. Smith, E. D. Craig and W. G. T. Keen.

Badges—B. J. Jacobs, A. W. Allen and A. F. Gibson.

The address of welcome will be made by Mr. W. L. Smith, of Campbell Encampment No. 1, of this city, and the response will be by Mr. W. H. Weatherly, Grand Patrrarch of the order. He is from Elizabeth City.

The committees have provided various entertainment for their guests and will give them a bowling party Thursday at 9 P. M. at the Seashore Hotel to which members of the Grand Encampment and Campbell Encampment No. 1, are invited together with the ladies. Prizes will be awarded and refreshments served, and the committee hopes that it will have a large gathering to welcome the guests.

The Encampment branch of the Odd Fellowship continues to grow and is keeping pace with the advancement of other branches of the order, which today is one of the largest and strongest fraternal organizations in this country. The officers of the Grand Encampment are as follows:

Grand Patriarch—W. H. Weatherly, of Elizabeth City.

Grand High Priest—L. W. Jeancrett, of Asheville.

Grand Senior Warden—C. E. Frick of Charlotte.

Grand Scribe—J. T. King, of Wilmington.

Grand Treasurer—Wesley Williams, of Elizabeth City.

Grand Junior Warden—F. C. Dunn, of Kinston.

Grand Representative — George Green, of Newbern.

Grand Marshal—R. W. Murray, of Greensboro.

Grand Inside Sentinel—W. R. Johnson, Windsor.

Grand Outside Sentinel—F. F. Matthews, of Newbern.

THE BOARD OF HEALTH.

Yellow Fever Situation Discussed—Decrease of Typhoid and Smallpox.

The Board of Health met in regular monthly session yesterday afternoon; present, Mayor Waddell, City Engineer P. Matthew, Dr. C. T. Harper, city superintendent of health, and Mr. M. W. Jacobi. The business transacted was largely routine. There was some talk of the yellow fever outbreak and the advisability of quarantine, but it was decided that as yet, there is need only for a strict oversight of the general sanitary condition of the city and a careful watch for developments in the infected district.

The permit by the Board of Aldermen to the Brooklyn Sewerage Co., to lay a system of sanitary sewerage north of the railroad, was approved, provided the work is done subject to the rules and regulations of the health department.

The monthly report of Dr. C. T. Harper, city superintendent of health, showed a gratifying decrease in the number of typhoid fever and smallpox cases during July, the number of typhoid cases reported having been only seven and smallpox three.

DEFENDANTS NOT GUILTY.

Persons Charged With Receiving Stolen Goods.

Before Justice W. A. McGowan, in the county court room yesterday, the cases of Mrs. Mary Williamson and the Syrians, Josh Simon and Margaret Gideon, charged with receiving goods stolen by Willie Jones in the burglary of the residence of Mrs. Henrietta Shepard, were called. The three defendants were represented by Brooke G. Empie, Esq., who secured a removal of the cases from Justice Bornemann upon the customary affidavit. A number of witnesses were examined and while it was admitted that the defendants received the goods, it was not proved that they bought them, knowing them to have been stolen. They were each discharged.

The case of Wash McNeill, charged by confession of Willie Jones, with be a principal in the burglary of the residence, was continued until Friday on account of the absence of the prisoner's attorney, Herbert McClammy, Esq.

Big Fire at St. Paul's.

Yesterday afternoon's Fayetteville Observer: "About daylight this morning the stables of Messrs. Evans & McEachern, big saw-mill men at St. Paul's, were completely destroyed by fire. Ten mules were burned to death, and an enormous quantity of forage and corn and a number of carts and wagons burned. The fire was of incendiary origin. When Mr. Evans, whose house is near the stables, arose at daylight this morning he found the buildings enveloped in flames, and they and all the contents were soon reduced to ashes."

PERSONAL PARAGRAPHS.

—Sheriff C. W. Lyon, of Elizabethtown, is in the city on a business trip.

—Mr. Bonner S. Mills, of Swift & Co.'s office, has been transferred to the Durham office of the company.

—Capt. D. T. Cronly expects to sail from New York Saturday on the steamship Umbria for a six week's trip abroad.

—Capt. J. H. Sloan will head a prominent delegation of Spartanburg, S. C., people who are expected at the Seashore Hotel to-day.

—Mr. Samuel S. Heide, after two weeks pleasantly spent at home, has returned to his work in the laboratory of the Tennessee Coal and Iron Co., with offices at Nashville, Tenn.

—Rev. and Mrs. C. W. Kegley left last evening for their vacation. The occasion of their leaving at this particular time is the serious illness of Mr. Kegley's father at Wytheville, Va.

—Fayetteville Observer: "A letter from Washington says that Mr. W. H. Pope was able to leave the George Washington Hospital yesterday, and has gone to Capon Springs. This news will delight his host of friends here."

—Mr. R. M. King, who has successfully filled the position as foreman of Hannah & Co.'s plaining mill in this city, has resigned to accept a position as superintendent of W. T. Sears & Co.'s saw mill at Wananish, N. C. Mr. King has already gone and his family will go within a short while.

—Mr. Geo. W. Meeks, general manager of the Union Lumber and Shingle Co., a new enterprise on the Northeast river, about 45 miles from the city, at a point known as "Sand Hills," was here yesterday arranging to have his machinery transferred from the railroad cars to lighters on the river.

—Yesterday's Fayetteville Observer: "Mr. O. E. Franklin returned from Wilmington to-day——Miss Alma Gray Franklin returned to-day from Wilmington, where she has been visiting her grandmother, Mrs. J. B. Franklin. ——Misses Alice and Minnie Vann returned yesterday from a two-weeks' stay at Wrightsville Beach——Miss Luna Wells, of Wilmington, is visiting the Misses Blackburn on Dick street."

AFTER DISORDERLY PLACES.

Hearing of Several Cases By the Mayor Yesterday Noon.

The case of Frank Brown, proprietor of a pool room on Second street, was arraigned before Mayor Waddell yesterday on the charge of conducting a disorderly place. He was represented by Brooke G. Empie, Esq., and the evidence was regarded as not sufficient for conviction. He was discharged upon condition that he free the building of obnoxious characters and that all the premises be conducted in a more orderly manner than heretofore.

James F. Dry, the colored restaurant keeper in the same tier of buildings, was also arraigned yesterday. He was charged with selling liquor without license and keeping a disorderly place. On the first charge he was found not guilty and on the second he was given privilege of paying a fine or vacating the premises. He was represented by Mr. Empie also and refusing to vacate the place, was fined from which judgment he took an appeal to the Superior Court. Former City Attorney Wm. J. Bellamy was a witness for Dry. He said that he had occasion to pass the place frequently and had never heard any disorder there; in fact, he was often constrained to stop on the sidewalk and listen to the music in the place of which complaint was made by residents in the neighborhood.

Della Davis, keeper of the dance hall raided by the police late Saturday night, was discharged for want of evidence.

Case of Wm. Zimmerman, the colored restaurant keeper in "Brooklyn," charged with selling liquor, was continued until Friday. Dock Suggs, who keeps a shop in the same section and is similarly charged, will be tried today at noon.

THE CITY WATER SUPPLY.

Chamber of Commerce Committee Investigating The Matter.

The Public Utilities Committee of the Chamber of Commerce held a conference yesterday afternoon with Superintendent Wm. F. Robertson, of the Clarendon Water Works Company, relative to a purer water supply for the city. Chairman L. B. Rogers in calling the meeting to order stated to Supt. Robertson that the conference was in line with the suggestion in the recent annual report of President Taylor, of the Chamber of Commerce, that the committee during the year look into the water question, and do something if possible, toward remedying the present conditions of the supply, either by a system of tubular wells or by filtration.

Supt. Robertson, while not admitting the impurity of the present supply, talked to the committee confidentially of experiments now in progress, preferring not to give details of these experiments until the success of them is established. He explained the difficulties of filtration; told of the former expensive experiment with an artesian well and spoke of the financial view of the proposition.

The committee adjourned without taking any action. Among those present were Chairman Rogers, Mr. W. B. Cooper, Mr. George R. French, Mr. M. W. Divine and Mr. John H. Brown.

Resuming Schedule.

Mr. G. F. Quinn, an expert car builder, and force of hands yesterday turned out of the Consolidated shops, Suburban Car No. 28, which was in the wreck Sunday night, and the 30-minute schedule was resumed on the beach line. The other three cars in the wreck are still in the A. C. L. shops but will be turned out to-day or tomorrow.

The Stuart House, at Southport, is one of the established institutions of the Cape Fear section, and fully maintains its old-time reputation for cleanliness, comfort, polite attention to guests and table fare that is both elegant and substantial. au 2-3t**

JACKSON SPRINGS HOTEL!

THIS favorite Resort of all those seeking rest, health, pleasure, agreeable society and amusements, amid beautiful surroundings, will be found this year more attractive than ever.. The Hotel is now under the management of Mr. Robert Irving, who spares no pains to secure the comforts and conveniences of his guests. The table is supplied with the

The Best the Market Affords

Servants are polite and attentive, and the conveniences include the most modern Sanitary arrangements, with hot and cold water baths, steam heat (in the winter), electric lights, &c.. For the amusements; visitors will find Golf Links, Billiard Room, Bowling Alley, Lawn Tennis and Croquet; an orchestra to furnish music for Hotel and grounds in day, and at the Pavilion for the dance at night. The waters of Jackson Springs, while they stand second in the long list of Mineral Waters in the United States (having taken only the

Silver Medal at the St. Louis Exposition)

Are second to no water in AMERICA in their cures of Indigestion, Dyspepsia, Bright's Disease, and all other Kidney trouble; Female Suffering, Rheumatism, Nervous Debility and all like ailments, as a long list of testimonials will show.. This water is shipped to all parts of the Country, and gives good results from its use, but is used to the best advantage at the Springs, where the delightful and romantic surroundings, the sweet breath of the pines, the purity of the air, are all furnished by nature to assist in the Curative process. THINK IT OVER.

There are many reasons why one should give earnest consideration to this question of drugs and medicines. To the layman these reason may not always be apparent, but the reasons are there all right and your family physician can explain to you that there are drugs and drugs. We keep the kind that He says are right—always clean, free from impurities and the best that the drug trade supplies. Our specialty is prescriptions. Let us fill your next.

Special Trial Offer

THE MORNING STAR

At Reduced Rates

To New Subscribers

For the next sixty days will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

FOR ONE YEAR $4.00
FOR SIX MONTHS $2.00

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

$50,000 New Hanover County, N. C., Road Improvement Bonds

Sealed Bids will be received by the Commissioners of New Hanover County, North Carolina, at Wilmington, N. C., until noon August 30, 1905, for the purchase of $50,000 bonds, issued for the purpose of continuing Road Improvements. Four (4) per cent. thirty year bonds; interest payable semi-annually at Wilmington, N. C., or New York, (Buyers Option).

Certified checks for 5 per cent of bid to accompany same. Checks will be returned to unsuccessful bidders. For further information apply to,

D. McEACHERN,
Chairman Board Commissioners,
au2-4t New Hanover County.

Bids Wanted

Bids for repairing the machinery at the rock quarry, belonging to the city, will be received until next Monday, August 7th at 12 M., at the Mayor's office, City Hall.

A. M. WADDELL,
August 1, 1905. Mayor.

The Morning Star.

WILLIAM H. BERNARD.

WILMINGTON, N. C.

Wednesday Morning, Aug 2.

MONEY'S YOUR FRIEND.

Considering the narrow escape of Johann Hoch from the gallows, we should say that every man ought to have at least $500 in the bank. It required that much money to appeal Hoch's case and he didn't have the money, notwithstanding the fact that he is supposed to have married many women, got what money they had, put them out of the way with poison or skinned out and left them to repeat the escapade with some other woman.

It has been in us a long time and we might as well out with it. We do not believe there was sufficient evidence against Hoch upon which that Chicago jury should have found him guilty of murder. We think sensational newspaperism brought Hoch to the gallows, if he ever goes there, and we have our doubts about it if the Supreme Court of Illinois grants him a new trial.

New York had her very sensational and catchy Nan Patterson case and about that time Chicago was simply left. Johann Hoch was, therefore, sprung upon us and well we remember how spasmodic was the effect to make the world believe that Hoch out-Bluebearded Bluebeard. Hoch no doubt is a great scamp. Hoch may be guilty of murdering one of those many alleged wives, but if we judge the evidence by the telegraphic account of the trial, we do not think the court made out a clear case against Hoch.

If Hoch is ever hung, those Chicago papers can be depended on to simultaneously, or soon afterwards, startle the world with newly discovered evidence that will make Hoch more notorious than Bluebeard. Some newspaper man can get up in a garret after Hoch's neck shall have been cracked and manufacture a thrilling career for him to leave behind.

However, we started out to use Hoch's hard lines to point men to the importance of saving something—if not for a rainy day—for the hour of trouble and perhaps deliverance. Don't throw your money away. You might need it.

The Baltimore Sun puts it pithily in saying:

"From the Chicago reports, it appears that Johann Hoch came within $565 of being hanged."

THE IMMIGRATION QUESTION.

The Star yesterday contained information from Raleigh that Governor Glenn has promised to co-operate in any way he can to secure immigrants for the South and North Carolina in particular. The statement was made in connection with a visit to the Governor by Mr. Frank V. Evans, of Birmingham, Ala., agent for the Industrial Immigration Association of Alabama. He was sent by his association to Raleigh to confer with Governor Glenn about plans to secure co-operation in advertising the advantages of the South with a view to get our share of the immigrant population coming to our shores. He held a long conference with Governor Glenn, but we do not suppose the Governor has yet formulated any plan of co-operation with Mr. Evans' Association.

It is stated that Alabama, like North Carolina, has no immigration commission or bureau and that the Legislature of neither State has made any provision to secure immigrants. We observe, however, that railroads and private parties are engaged in securing immigration, and it is quite their right to do so but we hope men of discretion will engage in this vitally important work.

Many of the immigrants coming to our shores now are Italians, and there is considerable talk of bringing them South to work in the cotton fields. No objection can be made to a good class of immigrants, but it is a matter which should be entered into with a great deal of care and judgment.

NEW COASTWISE STEAMSHIP LINE.

The Star recently contained some information about a movement to establish a line of steamers between Baltimore, Georgetown and Charleston. Wilmington was also mentioned in connection with the schedule of the steamers, and it is hardly to be supposed that steamers from Baltimore would give the go-by to a post of the importance of Wilmington.

The new line is to be known as the Baltimore and Carolina Steamship Company, and we note from the Charleston News and Courier that the merchants of Charleston will lend their most cordial support to the movement on foot to establish the new line. The News and Courier also makes this interesting mention in connection with the enterprise:

"The association of the name of Mr. Henry Walters with the enterprise is encouraging. Wr. Walters is, of course, the chief owner of, and controlling spirit in the Atlantic Coast Line System of railroads, and should his support be obtained for a line of steamers between Charleston and Baltimore the advantage which would accrue to this port, as well as to the new line, would be very great."

Mr. Walters is one of Baltimore's staunchest friends. Baltimore and Wilmington are his homes and the mention of Mr. Walters' name in connection with the new steamship line may be significant in more ways than one.

CURRENT COMMENT.

—The Shipping Trust lost $3,000,000 last year, which is one of the best reasons it can find for getting a subsidy from the national treasury.—Rochester Herald.

—"A man can live cheaped in Europe than he can in this country." "Yes," answered the trust promoter, "and with less risk of being bothered by grand juries."—Washington Star.

—With eight of our battleships lying handily about in these waters, when they visit Oyster Bay the Russian and Japanese peace envoys will have an object lesson before their eyes of a nation thta speaks softly and carries a big stick.—New York Mail.

TWINKLINGS.

—"Were you out at the races every day, Sputter?" "N-o, the day it rained I stayed at home and wasn t out a cent. —Detroit Free Press.

—Cassidy—Oi can niver git my woife to see things as Oi see thim. Casey—Thrue for ye! Oi've heard she's niver touched a drop in her loife."—Philadelphia Press.

—Ikey (who has been reading)—Fader, can anybody get rich beyond der deams of afarice? His Father—I t'ink not, Ikey. Afarice vos a putty good dreamer.—Puck.

—Irene—"Has Jack asked you to marry him yet?" Maybelle—"Just as good: He asked Aunt Ann the other day if there had ever been any consumption in our family."—Chicago Tribune.

COTTON MARKETS.

New York, Aug. 1.—Bullish crop news was overshaowed by bearish reports concerning the attitude of consumers, and the market ruled generally weak under active liquidation and bear pressure. Closing prices showed a net loss of 16@21 points. The opening was steady at an advance of 2 to 5 points in response to somewhat higher cables than expected and a bullish private crop report placing the condition at 75.4 per cent. against 81.2 per cent. last month. But cables from abroad stated that the spinners federation at a meeting in London yesterday had urged spinners to buy as little as possible for the next three months in order to control the advancing tendency of prices, and it was also reported that Lancashire mill operatives had threatened to strike on August 19, if their demands were not granted. This weakened the market here, Liverpool broke soon after the local opening, and with New Orleans selling prices were soon under last night's finals. The weekly crop report at midday was not considered favorable and there was some talk of high temperatures in Texas causing some little irregularity but generally speaking the market continued weak right up to the close, when it was steadied by enough room covering to lift prices a couple of points from the lowest. Sales were reported of, estimated, 600,000 bales.

Spot closed quiet 15 points lower. Middling uplands, 10.85; middling gulf, 11.10; sales 31,210 bales.

Futures opened steady. August, 10.65; September offered, 10.77; October, 10.90; November, 10.94; December, 10.97; January, 11.92; March, 11.10; May, 11.15.

Futures closed steady. August, 10.43; September, 10.50; October, 10.65; November, 10.69; December, 10.76; January, 10.83; February, 10.86; March, 10.90; April, 10.93; May, 10.96.

Port Movement.

Galveston—Quiet, 10 3-4c.; net receipts, 6,306 bales.

New Orleans—Quiet, 10 3-8c.; net receipts, 1,309 bales.

Mobile—Quiet, 10 3-8c.; net receipts, 108 bales.

Savannah—Nominal, 10 3-4c.; net ceipts, 2,101 bales.

Charleston—Firm, 10 3-8c.; net receipts, 489 bales.

Wilmington—Nominal; net receipts, 149 bales.

Norfolk—Quiet, 10 7-8c.; net receipts, 1,768 bales.

Baltimore—Nominal, 11c.

New York—Quiet, 10.85; net receipts, 108 bales.

Boston—Quiet, 10.85; net receipts, 71 bales.

Philadelphia—Quiet, 11.10; net receipts, 153 bales.

Total to-day, at all ports—Net, 12,562 bales; Great Britain, 23,264 bales; Continent, 2,630 bales; Stock, 376,609 bales.

Consolidated, at all ports—Net, 37,415 bales; Great Britain, 23,728 bales; Continent, 13,004 bales.

Total since September 1st, at all ports—Net, 9,989,759 bales; Great Britain, 3,936,367 bales; France, 841,075 bales; Continent, 3,180,366 bales; Japan, 311,407 bales; Mexico, 29,332 bales.

Interior Movement.

Houston—Weak, 10 3-4c.; net receipts, 4,219 bales.

Augusta—Steady, 10 5-8c.; net receipts, 256 bales.

Memphis—Quiet, 10 1-2c.; net receipts, 405 bales.

St. Louis—Quiet, 10 5-8c.

Cincinnati—Net receipts, 202 bales.

Louisville—Firm, 10 5-8c.

Liverpool Cotton Market.

Liverpool, August 1.—Cotton—Spot in limited demand; prices 8 points lower American middling fair, 6.41d; good middling, 6.15d.; middling, 6.01d; low middling, 5.85d.; good ordinary, 5.67d.; ordinary, 5.51d.

The sales of the day were 4,000 bales of which 400 were for speculation and export and included 3,300 American. Receipts 19,000 bales, including 11,000 American. Futures opened barely steady and closed steady. American middling G. O. C; August, 5.85d.; August and September, 5.84d.; September and October, 5.86d.; October and November, 5.87d.; November and December, 5.88d.; December and January, 5.89d.; January and February, 5.90d.; February and March, 5.90d.; March and April, 5.91d; April and May, 5.92d.; May and June, 5.92d.; June and July, 5.92d.

The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored

LION COFFEE, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee.
Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a settler), then follow one of the following rules:

1st. WITH BOILING WATER. Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.

2d. WITH COLD WATER. Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

DON'TS 3 (Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.

TWO WAYS TO SETTLE COFFEE.

1st. With Eggs. Use part of the white of an egg, mixing it with the ground LION COFFEE before boiling.

2d. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future. (Sold only in 1 lb. sealed packages.)
(Lion-head on every package.)
(Save these Lion-heads for valuable premiums.)

SOLD BY GROCERS EVERYWHERE
WOOLSON SPICE CO., Toledo, Ohio.

NEW MILLINERY

At Gaylord's store we have just received some new millinery. We have a nice line of Small Hats which are very scarce and hard to get; a splendid line of up-to-date Duck Hats, the prettiest we have ever had at the price, 50c. a piece. Black and White and all colors in Chiffon Hats, price from $1.00 to $3.50 each. A splendid line of Plumes for early Fall wear. We have a genuine Ostrich Plume 18 inches long at $2.50 each. An 18-inch Plume, different quality, at $1.25 each. Two-toned Plumes at 50c. 75c. and $1.00 each.

A line of Ladies' Ready-to-Wear Hats especially cheap. We are selling them out at much less than cost. A dollar Hat we are selling at 50c. each.

RIBBONS.

We are selling number 120 All-Silk Changeable Two-Toned Ribbon at 20c. a yard. Number 150 Ribbon, beautiful quality, white and all colors at 25c. a yard. Number 80 in White and all colors Silk Taffeta at 18c. a yard. Number 40 Silk Taffeta at 10c. a yard.

FLOWERS.

We have a beautiful line of Flowers. You can still get anything you want in this line. Our stock is not broken, and you can get your wants supplied very well.

VEILINGS.

We have Chiffon Veils, Dotted Veils, Silk-Thread Veiling and Mourning Veils. Our veiling department is well supplied with new things.

We have a nice line of Ladies' Shirt Waists. We sell a Ladies' Percale Shirt Waist as low as 20c. each. India Linon Waists at 50c. We have Silk Waists, in black, white and colors, and also, Satteen Waists.

LADIES READY MADE SKIRTS

We have White Duck Skirts, Colored Wash Skirts and a big line of Ladies' Wool Skirts in all the new and pretty styles.

In this department you will find a nice assortment.

We also carry a nice line of Children's dresses. They are well made and very cheap, and can be had in white and colors.

They vary in prices from 25c. to $2.00 each.

LADIES MUSLIN UNDERWEAR.

We sell The Royal Brand. This brand is made full size, every seam is felled, every garment made nice and neatly, and we handle everything that ladies need. They are made from good muslin and trimmed in good washable lace. We have corset covers at 10c., 25c., 75c., and $1.00 each. We are making a specialty of Night Robes displaying quite an assortment of styles and prices are from 48c. to $1.50 each. Our underwear department is under the management of young ladies. I think all ladies will find it to their advantage to give this department a look before buying elsewhere. To keep cool, buy a hammock from Gaylord.

Mason's Fruit Jars—Pint Jars for 60c., Quart Jars for 75c. and Half-gallon Jars for 85c. a dozen.

Milk Bowls made of heavy earthernware for 15c. each.

Earthenware Preserving Kettles, 15c., 20c. and 25c. each.

Earthenware Baking Bowls for 5c., 6c. and 8c. each.

UMBRELLAS AND PARASOLS

We have just received a large shipment of these goods. We buy them in large quantities and are able to sell them cheaper than ever before. Our $1.00 Umbrella for Ladies, we have no display at 75c. each. Ladies' Umbrellas with beautiful handles, silk covered and with silk tassels, pretty and up-to-date, absolutely water tight, and will not fade, we are offering for $1.00 each. The Self-Opening Um-brella for men, goes up without your assistance, not $1.25, the old price, but 89c., Gaylord's price. A real nice 28-inch Umbrella, with a snappy, up-to-date handle, nice shaped twill top, not $1.00, but this sale only 69c. A natural wood Congo handle, no paint nor varnish, fine silk top, an Umbrella which any gentleman would like, not $2.00 and $2.50, put a price to please, only $1.50. These are not only sunshades, but storm proof umbrellas. Our store is up-to-date in every particular, our stock full and complete. We work hard to please, we want your business at the Big Store, 206-208 and 210 North Front street.

SPIRITS TURPENTINE.

Mr. William W. Fuller, of New York, a son of the late Judge Thomas C. Fuller, has purchased for $30,000 the Devereaux mansion in the suburbs of Raleigh, and 15 acres of land, in which is a grove of noble oaks.

—The corporation commission and the officials of the Southern railway met at High Point Tuesday with the manufacturers to discuss the car shortage question, which, up to the present, has not been relieved in the least. Three hundred and seventy-four cars are now needed at High Point with less than a dozen in sight.

—Last Wednesday Mrs. Schoolfield, of Rockingham county, an inmate of the State Hospital at Morganton, secured a pair of scissors from one of the wards and, after breaking them in small bits, swallowed the pieces. A search was made for the scissors and, as the lady in question was complaining of severe pain in the abdomen, she finally acknowledged that she had swallowed them with the intention of doing away with herself. An operation was decided on at once, but she did not survive same, dying on Saturday. The body was sent to Reidsville, her former home, for interment.

—A dispatch from Asheville on Monday says: The people of New Orleans are accepting the invitation of the Asheville board of aldermen, as extended to them by Mayor Barnard last week, to come to Asheville and the mountains of western North Carolina to escape the dreaded yellow fever. The local passenger department of the Southern has received information that overflow travel from New Orleans to Asheville was en route and the Southern is handling the refugees in excellent style. Yesterday's incoming trains brought many refugees. One Pullman car from New Orleans to Asheville, via Chattanooga, was filled to overflowing, while many more Louisianians came in to-day.

—The corporation commission Monday completed the assessment of the property of common carriers in this State. The valuation put upon the railways is: Atlantic Coast Line, $24,454,014; Seaboard Air Line, $12,500,000; Southern, for owned lines, $14,735,255, and for leased lines $11,575,339; miscellaneous lines, $6,308,731; increase, $92,361; making the total for all railways $69,573,334, against only $12,360,000 in 1891, when the corporation commission, then the railway commission, took charge. The assessment of other companies: Western Union Telegraph Company, $947,000; Postal, $67,791; Pullman cars, $176,906; Southern Express Company, $402,109; Steamboats, $141,600; refrigerator cars, $103,189; waterworks, $450,924; electric light companies, $756,814; telephone companies, $824,512; street railway companies, $1,599,190. The grand total is $75,372,344. The valuation of the street railways is as follows: Wilmington, $325,000; Asheville, $300,000; Charlotte, $250,000; Winston - Salem, $250,000; Durham, $225,000; Greensboro, $160,000; Raleigh, $40,000.

—O. B. Schoenfeld, of New Orleans, will referee the wrestling match between Tom Frisbee and Prof. Ono at the auditorium Friday night in Asheville. J. D. Carrier, of Asheville, who kindly consented to aid in securing a professional referee for the occasion, Monday received a telegram from Mr. Schoenfeld signifying his willingness to referee the contest. Terms have been agreed upon the the New Orleans sport will be on hand the night of the 4th. A letter was received Monday from Tom Frisbee asking of the managers to the contest to secure the services of Mr. Beale, of Hendersonville, to train with him. Mr. Frisbee has had several trainers, but had put them out of commission. Mr. Beale met and threw one of the Jap wrestlers at Hendersonville last week and Mr. Frisbee is particularly desirous of securing his services. He is a student of Columbia University and an all-round athelete. Tickets for the match went on sale at Pfaffin's drug store Saturday in Asheville and already a large number have been sold. It was said that afternoon that the larger number of first-floor seats have been taken and that seats in other parts of the house are going fast.

—The sentence of Charles Stines, convicted of rape at the March term of Madison county Superior Court, was on Monday commuted by Gov. Glenn to life imprisonment. The Governor says: "He was sentenced to be hanged May 12th. On appeal to the Supreme Court the sentence was affirmed and the prisoner was sentenced to be hanged September 2nd. At the trial the prosecutrix said she was living with Anderson Collins, her husband, at the time of the outrage, and was a true and virtuous woman. Since the trial it has developed that she was never married to Collins and also that she was a notoriously bad woman, destitute of virtue or truth. So, while she was corroborated in some respect by other witnesses, still life is too sacred to be taken upon almost uncorroborated evidence of such a woman. The trial judge and solicitor write that this evidence and also her character were unknown at the time of the trial, and now both recommend clemency. All of the court officiers, the jury and many of the leading citizens of Madison county say it would be unsafe to let the woman's evidence forfeit the prisoner's life, so the sentence is commuted to life imprisonment in the State prison, and the sheriff of Madison county is directed to convey the prisoner there."

—A dispatch from Raleigh on Monday say: Ever since the fire which burned the Standard Oil Company's plant, detectives have been at work to capture the incendaries and, as a result, a young white man named Moore and a negro named Burch are in jail, on a charge of arson and murder, as the watchman named Strickland was killed and his body burned. It is said that Moore has made a written confession implicating himself, another white man named Jones and two negroes. The Standard Oil Company had offered a considerable reward for the detection of the criminals. The commitment was on a warrant sworn out by Insurance Commissioner Young. Frank Moore is a typical degenerate. His confession implicates Earl Jones, white, and two negroes, and was made to Detective Wartenburg. Burch, a negro implicated in the crime, is serving a sentence for breaking into railway cars. Earl Jones is in jail at Norfolk. George Williams, colored, is yet at large. Moore's father and brother are shoe makers and say he has always been feeble-minded and they and Moore's lawyers say he confessed to get the $1,200 reward on being promised immunity from punishment. Detective Wartenburg appears quite sure that he will prove his case. A Pinkerton detective was here Saturday and yesterday, and it was said, by his lawyers that he might cause the arrests of new persons. The case will be heard before a magistrate. Moore's witnesses will swear that he was at home on the night of the fire all night and say this will be corroborated. They will introduce evidence that he is of unsound mind.

HAPPY RESULTS.

Have Made Many Wilmington Residents Enthusiastic.

No wonder scores of Wilmington citizens grow enthusiastic. It is enough to make anyone happy to find relief after years of suffering. Public statements like the following are but truthful representations of the daily work done in Wilmington by Doan's Kidney Pills.

J. E. Bloodworth, residing at 30 South Front street and employed at 123 Princess street, says: "I used Doan's Kidney Pills and they have proven to be a very valuable remedy, and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay dawn or kept in any one position for any length of time, it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills, and I sent down to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt, a valuable remedy for backache."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Public is Aroused.

The public is aroused to a knowledge of the curative merits of that great medicinal tonic, Electric Bitters, for sick stomach, liver and kidneys. Mary H. Walters, of 546 St. Clair Ave., Columbus, O., writes: "For several months, I was given up to die. I had fever and ague, my nerves were wrecked; I could not sleep, and my stomach was so weak, from useless doctors' drugs, that I could not eat. Soon after beginning to take Electric Bitters, I obtained relief and in a short time I was entirely cured." Guaranteed at R. R. Bellamy's drug store; price 50c. **

Fiendish Suffering

is often caused by sores, ulcers and cancers, that eat away your skin. Wm. Bedell, of Flat Rock, Mich., says: "I have used Bucklen's Arnica Salve, for Ulcers, Sores and Cancers. It is the best healing dressing I ever found." Soothes and heals cuts, burns and scalds. 25c at R. R. Bellamy's drug store; guaranteed. **

The Kind You Have Always Bought

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

HARDIN'S PHARMACY. Special Agent.

A Touching Story

is the saving from death, of the baby girl of Geo. A. Eyler, Cumberland, Md. He writes: "At the age of 11 months, our little girl was in declining health, with serious Throat Trouble, and two physicians gave her up. We were almost in despair, when we resolved to try Dr. King's New Discovery for Consumption, Coughs and Colds. The first bottle gave relief; after taking four bottles she was cured, and is now in perfect health." Never fails to relieve and cure a cough or cold. At R. R. Bellamy drug store; 50c and $1.00 guaranteed. Trial bottle free. **

SPECIAL RATES TO HOT SPRINGS, ARK., VIA SEABOARD.

The SEABOARD announces rate of one first-class fare plus $2.00 from all points in North Carolina to Hot Springs, Ark., Eureka Springs, Ark., and Eldorado Springs, Mo. Tickets will be sold first and third Tuesday's in July, August and September, final limit, sixty days from date of sale, but not to extend beyond October 31st.

The Morning Star.
WILMINGTON, N. C.
Wednesday Morning, Aug 2.

EMPEROR OF RUSSIA WANTS TO CRUSH JAPAN

Japanese Continue to Be Victorious—Russian Army not Surrounded—Witte Arrives To-day.

By Wire to The Morning Star.

New York, August 1.—Russian senior envoy of the peace conference soon to be held at Portsmouth, N. H., Sergius Witte with his suite should reach New York about 3 o'clock tomorrow afternoon. The Russian is on board the Kaiser Wilhelm der Grosse, which at midnight was 80 miles east of the Nantucket lightship. As the steamer comes up the bay of New York she will be met by a government vessel which will receive M. Witte and convey him to the city.

Czar Favors War.

London, August 2.—A dispatch to the Times from St. Petersburg says that the Emperor replying to an address from Khabarovsk heartily approves the recommendation to continue the war until the enemy is crushed and also not to think of the cessation of territory or the payment of an indemnity.

Russians Not Surrounded.

St. Petersburg, August 1.—General Linevitch has telegraphed to the Emperor under date of July 25th, denying the frequently published reports that his army was completely surrounded. He says that the army has never been in a dangerous position.

Japs Conquering Sakhalin.

Tokio, August 1.—An official report from Japanese headquarters on the Island of Sakahlin says: The Japanese army on July 28th defeated the Russians 8 kilometers south of Rykoff and later occupied Palero after hard fighting. The Russians retired southward. General Saraguch, commander-in-chief of the Sakahlin forces ordered the establishment of a civil administration on July 30th.

GOVERNMENT CROP REPORT.

Cotton Going Too Much to Weed in North Carolina.

By Wire to The Morning Star.

Washington, August 1.—Crop conditions are summarized as follows in the weekly bulletin issued by the weather bureau:

Rains interferred with farm work in east Gulf Coast districts, while rain is needed in Georgia, portions of Florida and northern Mississippi.

Except some damage to harvested oats in Missouri, Oklahoma, Texas, and Virginia the oat crop reports are highly favorable.

In Alabama the cotton crop has generally deteriorated. In Georgia it is fruiting rapidly where sufficient rains have occurred, but in other localities of that State rain is badly needed, and shedding, rust, and black root are prevalent. Too rank growth and shedding are also reported from Tennessee, the Carolinas and Florida, where no improvement is indicated, except on clay lands in South Carolina, while on sandy lands in that State the crop had deteriorated.

In Virginia tobacco is not doing well, although some improvement is rapid from the latter State. The crop is in need of rain. Haying has been retarded in portions of Virginia.

THE NATIONAL CASH BALANCE.

Condition of The Treasury End of July 31st.

By Wire to The Morning Star.

Washington, August 1.—The monthly statement of the public debt, shows that at the close of business July 31, 1905, the debt, less cash in the treasury, amounted to $1,002,049,001, which is an increase for the month of $12,182,229, largely accounted for by a corresponding decrease in cash on hand.

Cash in the treasury is classified as follows: Gold reserve, $150,000,000; trust funds, $993,726,969; general fund, $151,034,309; in national depositories, $65,715,119; in treasury of Philippine Islands, $3,972,621. Total, $1,364,449,019 against which there are demand liabilities outstanding amounting to $1,084,583,288 leaving cash balance on hand of $279,865,731.

SENSATIONAL ARREST AT DUNN.

Former Banker E. F. Young Charged With Forgery.

By Wire to The Morning Star.

Raleigh, N. C., August 1.—E. F. Young was arrested at Dunn, N. C., to-day upon a warrant issued by E. Lee, a justice of the peace, upon the oaths of three of the town commissioners charging forgery of the town's treasury account on the books of the Merchants' and Farmers' Bank of Dunn, of which he was formerly president. The case was removed to Justice J. R. Godwin, and upon a plea for a continuance by counsel for the defendant, a justifiable bond in the sum of $1,800 was required for the appearance of the defendant here next Monday, when the case will be heard.

WARM WIRELETS.

Yesterday four men were seriously injured, two probably fatally, by the falling of a large section of the brick cornice of the Fernandez building under erection in Ybor City, Fla.

The majority of the 81 passengers which arrived in Havana on a steamer from Tampa, Fla., are Cubans. Twenty of them were sent to the detention. The others are immunes.

The trial of Vincent T. Sanford charged with the murder of George Wright, formerly agent of the Southern railway about two weeks ago, began at Rome, Ga., yesterday.

A French line of steamers plying between Mobile, Havre and Bordeaux, it is announced, will be placed in operation November 1st, with three steamers under charter and subsidized by the French government.

At Birmingham, Ala., yesterday President Kavanaugh, of the Southern Baseball League, announced that on account of yellow fever at New Orleans, arrangements has been made for the New Orleans team of play at Meridian, Miss., the rest of the games scheduled for the home grounds.

At New York, efforts to locate midshipman Robert Allen Jackson of the battleship Missouri, who has been missing from the ship since Saturday, thus far have been unrewarded. According to Midshipman Christopher R. Rogers, who made the report to the police, Jackson was last seen in company with a young woman name Olga Maxwell. Jackson is 21 years old and is from Petersburg, Va.

FEVER RECORD AT NEW ORLEANS

Number of Cases Since July 13th 346 and Total Death Roll 68

AN INCREASE IN FATALITY

Sensational Reports of Suppressing ..Real Situation Denied—Plague is Paralyzing Business—Cases at Shreveport and Montgomery.

By Wire to The Morning Star

New Orleans, Aug. 1.—Following is the yellow fever record up to 6 P. M:

New cases, 42.
Total cases to date, 346.
Deaths, 6.
Total deaths to date, 68.
New foci, 4.
Total foci to date, 50.

The general situation is regarded as hopeful. The large number of new cases, the largest yet reported in a single day, shows that the tertiary infection among the panic-stricken people in the original district is preparing the health authorities for that which was to be expected. One of the new cases is on Jackson avenue in the residence district, the victim having returned recently to the city from his Summer home on the coast.

War is Threatened.

The relations between the State of Louisiana and Mississippi have reached an acute stage. Governor Blanchard today communicated with the captain of the naval brigade which has a fully equipped gunboat, with the view of having it despatched to the borders to protect Louisiana citizens from further indignities. Mississippi has five armed boats patrolling the coast to prevent fishermen from breaking through the quarantine lines.

These vessels are also assisted by the United States revenue cutter Winona. The Mississippi boats will not allow Louisiana fishermen to even enter Mississippi sound, east of St. Joe light, but from reports received here, it appears that one of these patrol boats came into Lake Borgne which is distinctly Louisiana territory ane one report says it came up to the mouth of Lake Borgne canal, which extends from the Lake to the Mississippi river. A light draft boat will be armed with a Howitzer or two and manned by officers from the brigade and despatched thence to prevent aggressions. The schooner Grace of Gulfport and another vessel has been lying five miles inside of the Louisiana line, and during the past week has taken 18 Louisiana boats, some of them schooners and others luggers, and turned them over to the United States revenue cutter Winona and towed them to Ship Island where the crews were immured. This brings the Federal government into the muddle. Governor Blanchard has wired to Washington but the text of his message has not been given out.

Some of the territory now patrolled by the Mississippi boat is now in dispute before the Supreme Court of the United States.

The State Board of Health received official notice of the appearance of fever in three other parishes today, but the victims are all Italians or Austrians.

One of the new points of infection is the lower part of Plaquemine parish, fifty miles below the city, six cases existing among fishermen or truck farmers.

Another point of infection is on Ardoyne plantation, in Terre Bone Parish. West Wego, across the river from Audubon Park, Hefferson Parish has developed two cases among Italians. One man being dead, but the other is doing well.

Texas has declared quarantine against the entire State of Louisiana, and will require detention of all persons from or through New Orleans six days on Texas border.

President Souchon issued a proclamation urging the local health authorities to recognize the certificates of the marine hospital detention service.

Increased Number of Deaths.

Today witnessed an increase in the number of deaths from yellow fever, a fact that was not unexpected in view of the high temperature that has prevailed the past two days. There was, however, the usual large preponderance of Italian names in the list both of new cases and deaths which has characterized the reports since the time when the fever was first officially announced as existing here.

In spite of the increased mortality the health authorities exhibited no concern over the situation, contending that with the accummulation of cases there must be expected an increase in fatalities to maintain the average death rate of the fever.

The war against the mosquito still continues and the oiling of gutters and cisterns goes on with great energy. An ordinance was introduced in the city council tonight providing that all vacant lots and other places where water stands for more than six hours, shall be filled to the grade required by the city engineer's surveys.

The business interests continue to exert every effort to secure some modification of the quarantine regulations which have had the effect of bottling up the city commercially. With that object in view, President Souchon of the State Board of Health, who is in thorough sympathy with the effect to secure a relaxation of the subordinate quarantines in Louisiana, today issued proclamation on behalf of the State Board of Health to all the parishes and municipal health officers. He announces that he has accepted and recommends the acceptance by subordinate officers of the marine hospital health certificates to through passengers from northern points transferred in screened coaches at New Orleans. He declares that passengers from New Orleans, after a detention of five days in marine hospital service camps who are given certificates of free pratique should be admitted without detention into all parishes and towns of Louisiana. President Souchon says as to the handling of freight:

"While recognizing the pressure under which certain localities have quarantined against shipments of merchandise from New Orleans, the State Board of Health earnestly deprecates such restriction as applied to merchandise and express matter, and recommends that no such restrictions be imposed after it becomes known that all freight cars from New Orleans are being fumigated by the United States public health and marine hospital service before leaving the city."

Dr. White, of the marine hospital service, spent most of the day on the Gulf Coast in an effort to get a site for a detention camp on the Louisville and Nashville road. The detention camps at Avondale and Slidell are reported to be filled though those who occupy them are uncertain as to whether they can reach their destinations when the period of detention is up. People who live in the infected district here find difficulty in getting away at all. A gentleman who applied for a health certificate giving Europe as his destination was refused it yesterday because of his residence in the fever quarter.

The public is being impressed with the fact that while doctors generally are convinced the best possible treatment for the sick is obtainable at the emergency hospital, there is no intention to force patients to go there whose families feel that they can be properly treated at home. This is being done to induce the prompt report of cases of fever in their incipient stages. So far as the health authorities are concerned they say that every case even of suspicious fever is now being promptly reported. Some sensational statements have gone out through private letters and in special dispatches, giving the impression that the full extent of the situation here is not being made public. That is stated to be in no sense a fact. Every doctor is under a pledge to report all cases immediately and there is no desire to misrepresent the daily statement of cases or deaths.

No reports have come today of cases outside of New Orleans.

A falling off in charges has been reported by the dock commission which controls the city wharves. That is due to the diversion of the fruit traffic and to the fact that some tramp steamers have quite possibly been sent to other points to avoid detention after leaving here.

Yellow Jack in Montgomery.

Montgomery, August 1.—It was officially announced here tonight that there is one case of yellow fever in Montgomery. The announcement came from the board of health together with the statement that there is not the slightest cause for alarm. This was folowed immediately by an announcement from State Health Officer W. H. Sanders, saying that it is believed the scientific steps taken are adequate and that "no occasion whatever exists for the declaration of a quarantine against Montgomery."

The patient is William Minnehett, who, according to his statement, reached Montgomery Monday, July 24 from Kentwood, La. He was taken ill last Friday at the Capitola Hotel. Early Saturday morning Dr. Goldthwaite, the city physician, suspected the nature of the fever and had him removed to the emergency hospital and his room fumigated. The statement of the Board of Health says:

There will be, we are sure, be no spread of cases from this one as it was promptly screened, isolated and everything done to prevent infection by mosquitoes. The case is not a severe one and we trust the citizens of Montgomery and vicinity will not allow themselves to become panic-stricken, for we pledge ourselves to report promptly any other case that shall occur. There are no other suspicious cases in Montgomery, and we feel that it would be folly for our people to leave their homes on account of this one case, for it has been frequently demonstrated at Havana that a patient sick with yellow fever can be carried through the streets in screened wagons to be treated at nearby hospitals and no other cases occur, no cases having developed there since that city was freed from yellow fever years ago.

Case Creates Panic at Shreveport.

Sheveport, August 1.—Barney Tracey, a travelling man of Chicago, is in the detention camp just outside of the corporate limits of this city, suffering from yellow fever. There are no other cases here. The infection has been traced directly to New Orleans.

Almost a panic followed the news here, several hundred people leaving on out-going trains.

Dr. Chandler who has charge of the camp said:

"Tracey in all probability contracted the disease in passing from one depot to another in New Orleans. The patient had already passed the period in which he would be able to transfer the yellow fever to the mosquito. The yellow fever patient cannot transmit the germ to the mosquito except during the first three days of his illness."

To Calm Italians.

Washington, August 1.—The Italian ambassador has been informed that the Italian consul in New Orleans has taken all measures to prevent a panic among the Italians there. Both the consul and the Italian charitable institutions have distributed among the Italian colony several circulars telling of measures taken to prevent the spreading of the disease and advising them to help the officials.

Savannah Taking Precautions.

Savannah, Ga., August 1.—Health Officer Brunner, of Savannah, has left here to investigate yellow fever conditions in Louisiana, to determine whether Savannah shall quarantine against New Orleans and adjacent points. Unless the camps of detention in Louisiana and Alabama are adequately performing the service required of them Savannah will establish a quarantine.

Mobile Took New Orleans' Fruit Trade.

Mobile, Ala., August 1.—Local banana brokers were advised today from several points in Mississippi that a quarantine had been placed on the fruit and no more will be permitted to come within certain limits.

The United States Court of Appeals has been removed from New Orleans to Atlanta owing to quarantine restrictions.

Arkansas' Military Quarantine.

Little Rock, Ark., August 1.—Governor Davis today issued an order directing General Hay Haynes, commander of the State Guard, to detail as many men as may be necessary to establish a strict State quarantine against all points where yellow fever may exist. The militia will act as guards on all trains entering the State and at all points where boats may land. This action was necessary because the State Board of Health has no funds with which to enforce the quarantine ordered.

A Nashville, Tenn., dispatch says: Mass meeting of negroes in several cities of Tennessee have inaugurated a movement to have the "Jim Crow" law repealed at the next session of the General Assembly. Very few negroes are riding on the street cars in Nashville.

REFORM AT TOP ARGUES JORDAN

President and Secretary of Cotton Growers' Association Arraign Department

WHOLE THING AN ABORTION

Radical Errors and Mal-Administration Call for Complete Reorganization Under Different Management—Cotton Bureau Recommended.

By Wire to the Morning Star.

Washington, August 1.—President Jordan and Secretary Cheatham, of the Southern Cotton Growers' Association, today issued a statement addressed to the members of the association calling attention to the recent disclosures in the cotton statistical work in the Department of Agriculture, declaring that efforts are being made to divert attention from the "deficiencies" of the system itself "to the thieving propensities of a few unworthy officials" and setting forth demands to be made on Congress to reform conditions. The statement follows:

"To the Members of the Southern Cotton Growers' Association:

"The members of the association have been apprised through the public press from day to day of the work done by the officers of the association at Washington. As a result of their charges the unreliability of the reports of the Department of Agriculture relating to the cotton crop has been fully disclosed, and the mal-administration of that Department under its present head had been made evident. Following these exposures efforts are now being made to divert public attention from the main issue, which is the imperfections of the Department, toward an attempted prosecution of anybody who can be found as a scapegoat. Their punishment, even if it is accomplished, is of secondary importance as compared with the reformation of the system which has made their performances possible, and the purpose of this address is to secure the co-operation of the members of this association in influencing in every legitimate way a reformation of the system, and a reorganization of the Department.

"The membership of this association, numbering nearly one million, includes the producers of the most valuable product of American agriculture. The cotton crop of the United States and its by-products is worth between $600,000,000 and $700,000,000 annually. It furnishes two-thirds of our annual trade balance, and in its production and manufacture employs many million individuals. No other product of the United States is of greater or of equal importance. The practical monopoly of cotton which America enjoys and the narrow balance which has existed for years between sufficiency and scarcity in the world's cotton supply, render the cotton market peculiarly and acutely susceptible to the reports of the Department of Agriculture regarding the condition and prospects of our cotton crop. Under the present circumstances a great duty devolves upon the members of the association. We are less concerned with what has been done by a few individuals, and the consequence thereof, regrettable as that may be, than with such reformation of departmental methods as shall secure for us just and accurate reports in future. Under the system at present in vogue, and which promises to be undisturbed unless public attention shall be aroused to the need of reform, the reports issued by the Department of Agriculture are, in their last analysis, simply the individual opinion of a few officials of doubtful experience and honor by which the value of the cotton crop may be, and has been, affected as much as $75,000,000 in a single day.

"No such power should be delegated to any individual, or statistical board, except under conditions which guarantee the most incorruptible, expert and intelligent opinion, arrived at by the application of the most scientific methods and safe-guarded by the most scientific precautions. It is, therefore, urged and recommended to the members of the Southern Cotton Growers' Association that through their representatives in Congress, and by every other means available to them, they exert their influence and that of the association toward securing the immediate reorganization of the Agricultural Department, especially with reference to its reports on the cotton crop, and that their representatives in Congress be requested specifically to demand:

"(1.) The establishment within the Department of Agriculture of a bureau, to be known as the Cotton Bureau, charged specially and solely with the duty of reporting upon the cotton crop and all matters concerning that staple.

"(2.) The appointment as the head of that bureau, at an adequate salary, of a man whose reputation and antecedents shall be beyond reproach, and whose familiarity with cotton cultivation shall be an additional guarantee of his fitness.

"(3.) An organization of the bureau so established upon thoroughly scientific lines, as will insure no possible bias in favor of either buyer or seller, or producer or manufacturer, can be presupposed or asserted.

"(4.) The passage of a law that will be more specific in its scope, and under which government employes can be prosecuted for giving away or selling valuable information as has been done in the statistical bureau.

"We have no doubt of the zeal of the officers of the Department, but it seems to be as misdirected in this crisis as it was in the antecedent period. All power of the government has to be devoted to the attempt to dragnet a lot of irresponsible speculators. That there have been for years leaks in the Department is as well known to the trade as the existence of the Department itself; but these are insignificant as compared with its fundamental mismanagement. At this time, however, there is a manifest endeavor to divert attention from the radical errors and deficiences of the Department itself to the thieving prospensities of a few unworthy officials. Let us not be misled by any such misdirected energy. Let us reform at the top and not on the side. Let us root out the offenders, cleanse the personnel, change the methods and renovate the Department from root to branch. Then the cause of cotton and good government will alike be served in Rooseveltian fashion.

(Signed.)

"HARVEY A. JORDAN,
"President Southern Cotton Growers' Association.
"Richard Cheatham, Secretary."

Secretary Wilson Defiant.

Secretary Wilson returned today from Oyster Bay where he discussed with the President the cotton report leakage. The Secretary said he was not disturbed by the demands for his resignation made by cotton officials of the Southern Association and that he heartily approved of Jordan's expressed intention of going to President Roosevelt with his demands. He said: "I have reported my course to President Roosevelt and I have not taken President Jordan into my confidence. President Roosevelt knows what is going on in the Department; Jordan does not. Yes, I hope Jordan will carry his demands to Oyster Bay."

BOYS CAPTURED THIEF.

Messengers at Postal Telegraph Office Captured Fleeing Negro.

Young Messrs. Walter Burkheimer and Frank Brown, messenger boys at the Postal Telegraph Company, on North Front street, figured as the heroes in an exciting chase after a bicycle thief early last night. The last named had left his wheel on the sidewalk while he went in the office, but presently he and young Burkheimer came out again to deliver some messages and saw a negro gomg across the street with a bicycle on his back. Brown saw his wheel was gone from the sidewalk and he and Burkheimer grasped the situation at a glance and lit out after the negro, who ran up the alley to the north of Gaylord's store and extending through the block to Second street. About two-thirds the way up the alley, the negro dropped the wheel, but the boys continued the chase for the thief, notwithstanding he was a grown man. They ran him up to Chesnut street and as he turned the corner he sought to dodge the boys by quickly crouching inside the gate of Mrs. Wood's residence at Second and Chesnut, but Burkheimer had turned the corner about as quick as the negro and as he crouched the young man was upon him. Brown ran a block to the City Hall for a policeman and when Acting Sergeant Moore came, the messenger boy had the negro down and astride him. The thief proved to be Nathan Hankins, a well known character about the streets, who was about half drunk. He will be given preliminary trial before the Mayor to-day at noon.

LUMBERTON JAIL DELIVERY.

Wilmington Police Asked to Look Out for the Escapes.

The police were requested by telegraph from Sheriff Geo. B. McLeod, of Robeson county, yesterday, to look out for seven of the eleven prisoners who escaped from the Lumberton jail night before last, four of the original eleven having been recaptured. Two of them were caught by Hill Jones and Ellerson James, just beyond the oil mill, a few hours after the delivery; Deputy Baker and Elmwood Whaley caught two others as they were leaving town. There were 30 prisoners in the jail and nearly all those who escaped were under sentence from last week's term of Robeson court. A small steel saw, thought to have been passed up to the prisoners in watermelon, was used as an instrument to saw a steel bar between the negroes and liberty. The discovery was made by a lady, living adjoining the jail, who saw the prisoners trooping through her yard. a reward of $25 each is offered for the prisoners by Sheriff McLeod.

Real Estate Transfers.

From deeds filed for record yesterday the following real estate transfers appear: F. A. Montgomery and wife to Joshua Green, for $35, property on east side of Fourteenth, 66 feet north of Wright street, 33x75x66x150 feet in size. Mary Bissett, Jessie Bissett, R. F. Warren and wife, W. C. VonGlahn and wife, John R. Bissett and wife, J. E. Bissett and wife and W. A. Bissett and wife to Martin O'Brien and wife, for $1,000, property on west side of Third, near Hanover street, 80x116 feet in size, more or less.

Some Railroad Conjectures.

The Bennettsville correspondent of the Charleston News and Courier says: "It is known that the Coast Line has made overtures for the purchase of the Cheraw & Lancaster. The Coast Line will then, by consolidating with the Bennettsville & Cheraw, or by building an eight mile ling from Bennettsville to Cash's, have a through line from Fayetteville to the hill country of South Carolina. It is stated that Leroy Springs has made a statement that he will build a million dollar cotton factory at Cheraw if a boat line is put on the Pee Dee up to that point. This of course would mean the extension of his railroad to Cheraw."

SIZZLING DOWN IN TEXAS.

Heat Drives People From Home at Midnight.

By Wire to The Morning Star.

Austin, Texas, August 1.—Last night and today has witnessed one of the most intense heat waves that has passed over Texas in many years.

Last night the humidity was so great that people were forced to leave their sleeping rooms and take the streets for air. At midnight the thermometer registered 99 degrees and today it has been over 105 degrees.
